Welcome to our First Edition

We're thrilled to launch this platform to keep you informed about the latest developments in our Knowledge Gathering endeavors. In each edition, you can expect a curated selection of the newest studies relevant to your Treaty 6, Treaty 7 and Treaty 8 First Nation Communities, updates on our adherence to OCAP® principles (Ownership, Control, Access, and Possession) in data collection, as well as best practices in data management. Additionally, we'll provide insights into upcoming releases of our Learning Management System (LMS) courses, designed to empower communities in various health and data areas. Stay tuned for valuable insights, updates, and resources to support your journey of continuous learning and professional development.

Did you know there is a policy around using Indigenous Spiritual Ceremony in the health care setting in Alberta? You do have a right to Ceremony!
